**01** Watch video lectures assigned to particular week.

- Average 3 ~ 4 video clips are assigned per session. (Each video takes 15~25 minutes.)
- All clips are available after logging in the JBS website.
- Please watch the video clips in a quiet environment to help yourself focus and understand the contents efficiently.
- You will find that downloading/printing **lecture notes** and following it with the lectures will ensure a more effective learning and will prepare yourself for the small group discussions.
- Each video lecture will have **questions** which you can apply to your personal life. Please take sufficient time to meditate and answer those questions to get the most out of the course.

- Throughout the week, meditate and apply the topics you have learned from the lectures, observe and experience the incidents that occur in your life, and record what you have realized and learned.
- In each session, discuss with other small group (JBS squad) members what you have learned from your personal life and experience, and share your prayer requests. Then engage yourself in helping and praying for each other.
- Choose a medium (e.g. Facebook, Kakao talk, email) through which you can communicate with each other during the week.
